# DEDICATION

To Mrs. Anglin and Mrs. Tomlinson, whose magnetic personalities have made for them many cherished friends and everlasting memories; with the realization that we are still young in heart and experience; with the knowledge that their instructions are deep within our minds; with peace, love and deeper, calmer faith for us to seek: To you, we, the Senior Class gratefully dedicate this our annual, THE HAWK for "57."

Learn to live, and live to learn,  
Ignorance like a fire doth burn,  
Little tasks make large return.

TO THE CLASS OF 1957

Dear Friends,

It affords me great pleasure to express to the class of 1957 my sincere thanks for the many happy and fruitful experiences we have enjoyed during your years here at Carver.

Although you have grown physically and mentally into young men and women, remember that you have much to gain by continuing your educational development. The world is not only waiting for the Sunrise but for individuals who are physically, mentally and morally acceptable as true citizens of this complex society of ours.

The challenge is yours, make the most of it.

Sincerely Yours,

*Harvey A. Fleshmon*

# class history

Carnell Carter  
Sylvia Arrington  
Lillian Freeman

September third, nineteen hundred fifty-two, was an exciting day for one hundred seventy-two enthusiastic young eighth graders who entered the welcoming doors of Carver Regional High School with minds open for knowledge and open hearts eager for friendship. We, the one hundred seventy-two students, were from the four counties: Culpeper, Orange, Madison, and Rappahannock.

Our entering high school began a new era of life for us, but we soon became adjusted to our new environment of more complex studies. Our great desire for learning and our clear young minds made it easy for us to grasp the wealth of information presented to us by our instructors. We shall never forget the many rules and customs by which we had to abide.

During our eighth grade year, we were classified as underclassmen. Our sponsors that year were Mrs. M. J. Anglin, Mrs. V. P. Blair, Mr. F. I. Hawkins, and Mrs. C. W. Michie. They showed much interest and patience in helping us with our complicated problems. We did not take part in many activities during this year. However, a few of us participated in such activities as Choir, Dramatics, Camera Club, Industrial Arts, Safety Patrols, New Farmers of America, New Homemakers of America, and the Handicraft Club.

Before we realized it, we were ready to begin our Freshman year in high school. That year our sponsors were Mrs. S. B. Mason, Mrs. M. J. Anglin, Mrs. V. P. Blair, Miss M. W. Hooker, and Mr. F. N. Johnson. Our Freshman year found us energetically engaged in a variety of activities. It was during this year that the boys and this class won the school's Intramural Basketball Championship. We deemed this a great honor to become champions at such an early stage in high school.

In our Sophomore year, our sponsors were as follows: Mrs. M. J. Anglin, Mrs. S. B. Mason, and Miss M. W. Hooker. Nothing unusual happened during this year, except that the girls of this class won the Intramural Basketball Tournament. Although we found it necessary to study hard and keep up with our scholastic studies, the Sophomore year was, indeed, an enjoyable year for us.

The Junior year was a success socially as well as scholastically. This was one of our most important and exciting years at Carver. We worked hard that year to achieve the goal of sponsoring the Junior-Senior Prom. We do not hesitate to say that this goal would not have been achieved without the sincere help of our instructors: Mrs. M. J. Anglin, Mrs. E. M. Tomlinson, and Miss D. L. Barrett.

How proud we are to say that at last we have reached the most important year of high school, our Senior Year! We are fortunate to have again Mrs. E. M. Tomlinson and Mrs. M. J. Anglin as our instructors. By the time that we had reached our Senior year, our enrollment had dropped from one hundred and seventy-two to seventy-eight. Because of this great decrease, we needed only two homerooms. This year will always linger in the hearts of us, the seventy-eight students. We are now ready to take another step forward into life with heads high and our minds ready to accomplish many hard tasks that may come before us. Some of us will strive to further our education and become leaders of tomorrow, and some of us will make use of what we have; but whatever we should do, we shall never forget the happy days here at Carver.

We, the Seniors of nineteen fifty-six and fifty-seven, wish to assure the teachers who have taught us through the five long years that their work will be rewarding to us. We wish to show our appreciation to our teachers for all they have done for us, and we wish them all the luck and happiness possible throughout the years to come.

### "THE WILL TO WIN AND THE COURAGE TO WORK"

The New Farmers of America is a National Organization of farm boys studying Vocational Agriculture in the public schools throughout the United States. Organized in Virginia in May, 1927, with a few chapters and members, it has expanded until now it numbers some 1100 chapters and over 40,000 active members.

The O. R. Johnson Chapter, named after Dr. O. R. Johnson, Teacher-Trainer at Virginia State College, is one of the most progressive chapters in the State of Virginia. It is only through the eagerness and enthusiasm of our members that we are able to maintain such a status.

"Work as though you are going to live forever, and  
live as though you are going to die today."

The Industrial Worker's Club was organized in October, 1955. Since that time, it has become a member of the state organization.

One of the activities, of which this organization is very proud, is the successful completion of various projects which appeared on exhibit in March at Virginia State College.

This exhibit is sponsored by the Industrial Arts Club of the state.

# CHOIR

The function of the choir is to give its members experience which will help them to grow musically. This includes a better understanding of fine music and a deeper and wiser love for it.

Confidence and skill are also developed here. Factors contributing are: the blending of voices, adjustment of tones, proper articulation, enunciation and the displaying of that skill and confidence.

The expected outcome is to sing beautiful music with good taste and much discrimination. This is a class in which both boys and girls learn to sing better in a group.

# patrols

Pictured above are members of the Hall and Bus Patrols. The Captains are William Porter, Wilbert Hill, and Herman Glasker. The Advisor is H. A. Collins.

The duties of the hall patrols are:

1. To prevent students from running in the halls.
2. To keep students in line in the cafeteria.
3. To see that all students are out of halls during class time.

The duties of the bus patrols are:

1. To see that students are seated while being transported to and from school.
2. To help students on and off the vehicles while unloading and loading.
3. To render service while crossing streets.
